

● PM Motor Parts

YANHE supplies pre-assembled motor parts with glued permanent magnets and metal body according to customers' requirements. We are a manufacturer of permanent magnets for many years. You don't have to worry about other components, quality inspection etc. Because we have modern assembly line and first rate machining equipments, including CNC lathe, internal grinder, plain grinder, milling machine, etc. Modern inspecting techniques and strict quality management system ensure us to supply high quality products for you. We will supply the complete motor parts or Magnetic coupling that is ready for the fine finishing by you, you can focus your attention to the fine job. It is a cost-saving solution for clients
